

5th International Symposium of JSPS Core-to-Core Program on
"Molecular Recognition Mechanism between Flexible Molecules"
in cooperation with ASC2023

Fioria, Atema-Kogen Highland Resort Hotel Belnatio
6th September, 2023

Chair: Masaaki Fujii, James M. Lisy

- [B7-1] Gilles Grégoire (Université Paris-Saclay, CNRS, Institut des Sciences Molé
9:50-10:20 culaires d'Orsay, France)
"Advanced spectroscopy of isomer-selected DNA radical cation"
- [B7-2] James M. Lisy (University of Illinois at Urbana-Champaign, USA)
10:20-10:50 "Insights into transmembrane ion transport by ionophores; selectivity and
mechanisms"
- [B7-4] Eric Gloaguen (CNRS, Institut des Sciences Moléculaires d'Orsay,
11:10-11:40 France)
"Following ion pairing/dissociation at the microscopic level by
spectroscopic techniques"
- [B7-5] Oleg V. Boyarkine (Ecole Polytechnique Fédérale de Lausanne,
11:40-12:10 Switzerland)
"Identification of isomeric biomolecules by spectroscopy of non-covalent
complexes"
